

98TH ANNUAL AAAE

CONFERENCE & EXPOSITION

MAY 3-5, 2026 ✨ LOS ANGELES, CA

Where Dreams Take Flight

CONFERENCE PROGRAM

WELCOME!

It is my great pleasure to welcome you to Los Angeles for the 98th Annual AAAE Conference & Exposition.

I extend my thanks to our conference host, John Ackerman, Chief Executive Officer of Los Angeles World Airports, along with the entire LAWA team. Their dedication, thoughtful planning, and warm hospitality have made this event possible. Because of their efforts, we're set for an exceptional experience—one that I'm confident will both inspire and energize all of us.

In the days ahead, you'll have the chance to take part in engaging sessions, exchange ideas with industry leaders, and build connections that will last well beyond our time together.

I'm looking forward to meeting many of you throughout the week. Thank you for being here and for the important role you play in shaping the future of our industry.

Rebecca Hupp, A.A.E.

Chair, AAAE

Airport Director | Boise Airport

Dear Colleagues,

On behalf of Los Angeles World Airports (LAWA) and the entire team at Los Angeles International Airport (LAX) and Van Nuys Airport (VNY), it is our pleasure to welcome you to Los Angeles for the 98th Annual AAAE Conference & Exposition.

This year's conference theme, *Where Dreams Take Flight*, reflects both the ambition and responsibility we share as airport industry leaders—to imagine what's possible and to build the future of aviation. As one of the world's leading aviation regions, Los Angeles provides a fitting backdrop for these important conversations about where our industry is headed next.

At LAWA, we believe that aviation is driven by continuous learning, bold ideas, and meaningful partnerships. This conference creates space for all those things that will extend far beyond a few days together. The connections made here often become catalysts for lasting impact across our airports and the communities we serve.

We are proud to host you in the City of Angels and to showcase the energy, diversity, and forward-looking spirit that define our region—along with giving you a preview of the work we are doing to put the “LA” in LAX. I am confident you will leave Los Angeles energized, informed, and inspired.

May your time and experience here be both professionally rewarding and personally memorable.

Sincerely,

John Ackerman

Chief Executive Officer | Los Angeles World Airports

Dear Members, Leaders, Partners, and Friends:

Welcome to Los Angeles and the 98th Annual AAAE Conference & Exposition!

As we gather in one of the world’s most connected and influential aviation cities, we come together around a shared focus: turning ideas into action and moving our industry forward. This year’s theme, *Where Dreams Take Flight*, reflects both the opportunity and responsibility we share—to shape the future of aviation through innovation, collaboration, and purposeful leadership.

Thanks to our host, Los Angeles World Airports, and the leadership of John Ackerman and his team, we’ve built a program designed to support that progress. Take advantage of the sessions, connect with your peers, and explore the latest in airport innovation. We’re also pleased to welcome keynote speakers Angela Duckworth and Jason Kidd, who will share their perspectives on building resilient teams and inspiring a culture of excellence.

The value of this week extends far beyond the program itself. The conversations and connections made here lead to meaningful partnerships and lasting impact across our airports and the communities we serve.

Thank you for being part of this community and for the work you do every day to strengthen our industry. If you need anything during the week, our team is here to help. Here’s to a productive and engaging week in Los Angeles.

Warm regards,
Todd Hauptli
President & CEO | AAAE
