EXECUTIVE CERTIFICATE IN APPLIED AI FOR AIRPORTS

April 15-17, 2026 | 8:30 a.m.-4:30 p.m. USET | Virtual

POWERED BY: ASI INSTITUTE — A DIVISION OF AVIATION STRATEGIES INTERNATIONAL   .addepto

Support the Executive Certificate in Applied AI for Airports and gain targeted visibility among global airport leaders, showcase your organization's expertise in AI and innovation, and engage with the decision-makers shaping the future of aviation.

Benefits Include:

- High Visibility: Gain brand exposure to a global audience of airport leaders and decision-makers participating in an executive-level AI education program.
- Learning Opportunity: Provide executive-level AI education access for two company staff members, strengthening internal expertise and readiness (minimum $4,000 value)
- Thought Leadership: Align your organization with innovation, digital transformation, and the future of airport operations through a respected executive certificate.
- Targeted Access: Reach professionals who are actively building their understanding of AI and evaluating its potential applications in airport and aviation environments.
- Strategic Positioning: Position your organization as a supporter of the industry's advancement in technology, safety, and operational excellence.
- Long-Term Impact: Support a program designed to strengthen global airport performance and inform future aviation capabilities.
